The @UCLA Chicano Studies Research Center (CSRC) archives Oral Histories that showcase the “life narratives of prominent Chicano and Latino figures.

The life narratives have been recorded and transcribed, and the interviewer and interviewee have reviewed and corrected the transcriptions prior to publication.

These oral histories are often undertaken

as part of a larger research project and in tandem with archival collections and library holdings." Visit the @uclacsrc and @ucla\_libraryspecialcollections for more archival holdings.
